

Take the

SCREEN TIME CHALLENGE

Screens include TVs, computers, video games, tablets, and smartphones.

We know that most kids are getting too much screen time but often we don't know just how much. A fun way to find out and also reduce the amount of screen time is to challenge students to set a goal and then track the amount of screen time they are getting.

The challenge is easy

1. Make a copy of the log below for each student to use and track their screen time. They can either bring it home or complete it in class.
2. Ask each student to set a goal for limiting the amount of screen time they get each day. Then ask them to write their goal in the top line of the screen time log.
3. Once they have their goal, ask them to record how much screen time they get each day of the week.
4. At the end of the challenge, ask students to share if they met their goal or not for every day of the week. If not, how many days out of the week did they achieve their goal? What do they think were the reasons they either met or didn't meet their goal?
